REACH Certificate of Compliance

CITIZEN WATCH CO., LTD. declares that our products comply with the requirements of REACH (EC) No 1907/2006 for the following product category:

- All movements with **MIYOTA** marking

The above movements can be accurately described in the following manner:

- They are categorized as articles under REACH regulation.
- They are not intended to release substances during normal or reasonably foreseeable conditions of use.
- They comply with the restrictions of REACH Annex XVII.
- Out of the 219 SVHC listed by ECHA on July 11, 2021, they contain no SVHC other than lead¹ and EGDME² at levels surpassing the threshold of 0.1% by weight.

(1): All lead is contained in leaded alloys in the components of the watch movement. The watch movement is one of the internal components of the watch. Leaded alloys in internal components of watch timepieces are excluded in the REACH Regulations Annex XVII Entry 63 on parts of jewelry articles that touch the skin.

*2): EGDME is contained in the lithium battery of Cal.1L60, 2S60, 2S65, JP75, 2070, 2170.

EGDME: 1,2-dimethoxyethane, ethylene glycol dimethyl ether; CAS No. 110-71-4
