

January 2024,

REACH certificate of compliance

We, CITIZEN WATCH CO., LTD. comply with the requirements of REACH (EC) No 1907/2006 for the following product category.

Product category

- All movements with **MIYOTA** marking

The above-identified movements can be accurately described in the following manners.

- They are categorized as articles under REACH regulation.
- They are not intended to release substances during normal or reasonably foreseeable conditions of use.
- They comply with the restrictions of REACH Annex XVII.

• They do not contain SVHC other than lead*1) and EGDME*2) out of 233 SVHC described by the ECHA on 17 January, 2023 at levels surpassing the threshold of 0.1% by weight.

*1): All lead is contained in the leaded alloy of watch movement parts.

Watch movement is one of the watch internal parts.

Leaded alloys of watch internal parts are excluded in the REACH Regulations Annex XVII Entry 63 on parts of jewelry articles that touch the skin.

*2): EGDME is contained in the lithium battery of Cal.1L60, 2S60, 2S65, JP75, 2070, 2170.

EGDME: 1,2-dimethoxyethane, ethylene glycol dimethyl ether; casNo. 110-71-4
